Spectacular Beachfront Designer Villa in Marbella

€6,500,000

BEDROOMS	BATHROOMS	BUILT	PLOT	YEAR
6	3 + 1	437 m^2	749 m^2	2015

Description

This spectacular villa in Costabella redefines coastal luxury through an avant garde design by architect José Carlos Moya, where timber, glass and stone harmoniously merge to create a contemporary sanctuary upon the golden sands of Marbella.

Benefiting from a privileged south westerly orientation, the property is bathed in natural light and offers unparalleled sunset views over the Mediterranean. The architecture transcends mere aesthetics, fostering a profound connection with the maritime environment and ensuring the coastal landscape remains an integral feature of every room.

The ground floor is characterised by its sophisticated open plan concept, seamlessly integrating a bespoke high end kitchen with a spacious living area. Through expansive recessed glass doors, the interior flows effortlessly onto a premium timber terrace, where a heated swimming pool is nestled alongside a private dune to ensure absolute seclusion. From this exterior oasis, an exclusive path leads directly to the shore. This level is further complemented by a well appointed guest bedroom and bathroom, maintaining a perfect balance of fluid movement and comfort throughout the communal spaces.

The sleeping quarters and wellness facilities are distributed across multiple levels, interconnected by a private lift and an elegant oak and glass staircase. On the first floor, the master suite serves as a tranquil retreat, boasting direct sea views and a private terrace, accompanied by two further bedrooms designed for ultimate relaxation. The lower level has been transformed into a dedicated private spa, featuring a jacuzzi, sauna and steam room, alongside two additional bedrooms with natural light, ample storage and a functional utility room.

As a crowning feature, the rooftop solarium provides a 360 degree vantage point with a fitness area and pergola, ideal for enjoying the Costa del Sol climate in total exclusivity. Furthermore, the inclusion of the First Occupation Licence (LPO) and a valid tourist licence confirms the villa as a strategic, high yield investment. Finished with refined exposed concrete and advanced climate control systems, this property represents the definitive choice for those seeking a designer beachfront residence that functions as a secure and consolidated financial asset in Marbella.
